

Our Services

We have the knowledge and experience to install an onsite wastewater treatment system that will provide you with a long-term solution. There is not one system that will work on each and every site, which is why we not only welcome but excel at working with new technology. Ecoflo coco filters, Fast and Sybr-Aer aerobic units, BioBarrier Membrane systems, at grade and subsurface pads, chambers, or a conventional septic tank to subsurface trenches are just a few of the systems we're well versed in installing. Zeiter's Septics is happy to tackle any site under any condition. If it can be done, we can do it.

About Us

Zeiter's Septics Unlimited, Inc. is owned and operated by David & Tammy Zeiter. We're a full-service septic and drain cleaning company providing service to 13 counties. We've been in the onsite wastewater management business since 1979 and have grown into one of the areas largest septic and drain cleaning companies over the last 43 years. We care about our customers, the environment, and we're passionate about our profession which is why we continue to evolve with the industry today.

Our Staff

Our friendly, highly trained, and motivated employees are always ready to serve you. You will never be greeted by an answering service; Sarah, Tina, or Gabe will pick up the phone to answer your questions and get you headed in the right direction. Our office keeps in contact with our foreman Jim and technicians throughout the day: Dennis, Shaun, Tim, Cody, and Alex. All of our technicians are cross trained so that they are capable of performing any job in our line of work. We are licensed with the State of Illinois and the local counties for installing, pumping, and transporting wastewater. Our employees also have TWIC, Three Rivers, Confined Space Entry, in addition to being certified at various local industrial facilities. We're very active in the business as evidenced by our membership in OWPI, NAWT, NOWRA, & the Home Builders Association of IL.

Our Bottom Line

We want your business and we'll work hard to keep it. We provide fast, dependable onsite wastewater treatment services such as repairs, terralifts, high-pressure water jetting, tank cleanings, and camera work in addition to installation for residential, commercial, and industrial sites.

The Future of Zeiter's Septics

In August of 2020 our daughter, Gabrielle, and son-in-law, Cody, joined our team to get the hands-on experience needed to successfully manage the business one day. They're excited to take on the challenges ahead and are committed to values of hard work, leadership, and support that have made our business what it is today.

Our Outreach

We have over 15,000 loyal customers and are constantly looking for ways to give back to them. Since 2010, we've given over **\$35,000** in free tank cleanings. **What has your septic company given back to you?**
